### **MESSAGE**

Dear Students, Parents, and Staff Members,

As we celebrate the 30th anniversary of TWGHs Lui Yun Choy Memorial College, I am filled with pride and gratitude for our vibrant school community. This milestone is not just a reflection of our past achievements, but also a gateway to exciting new opportunities.

This year, we are thrilled to introduce the new LYC Art Studio, a creative space designed to foster artistic expression and innovation among our students. Additionally, all classrooms have been equipped with interactive whiteboards, enhancing our teaching methods and engaging students in dynamic learning experiences.

Our commitment to excellence extends beyond the classroom. This year, we continue our tradition of annual excursions to London, providing students with firsthand experiences that enrich their understanding of English and its application in various subjects, including sports, science, and history.

At TWGHs Lui Yun Choy Memorial College, we believe in nurturing well-rounded individuals who are not only academically proficient but also culturally and socially aware. Together, let us embark on another remarkable year filled with learning, growth, and celebration.

Thank you for your continued support.

Warm regards,
Mr Lai Wai Kong
Principal, TWGHs Lui Yun Choy Memorial College

## LYC Arts Studio

Our school has always emphasized cultivating students' abilities in technological innovation. The STEAM Development Working Group was established to address the importance of technology in LYCMC. It not only enhances students' appreciation of art but also enriches their creative experiences.

#### **Key Developments**

#### **Digital Art Workshops**

The Visual Arts Panel has been collaborating with the Computer Science and Design & Technology Panel to launch the Digital Painting Workshop, discovering that students' interest in multimedia creation exceeded expectations.

#### **LYC Online Gallery**

To boost LYC students' confidence and interest, the school established an online virtual exhibition platform in the 2022-23 academic year, allowing students more opportunities to showcase their creations while enhancing community awareness of the school's art education.

#### **Curriculum and Facility Optimization**

With increasing emphasis on art education, our school has allocated over three million for the optimization of the art studio in the 2023-2024 academic year and secured funding from the Quality Education Fund. Interactive electronic whiteboards, 3D scanners, and tablets, are installed for Arts Education in LYCMC help enhance teaching effectiveness.

#### Impact and Future Prospects

These improvements not only increase students' learning motivation but also promote interactivity and evaluative abilities in art courses. The introduction of new equipment allows for a more comprehensive display of students' creations, further enriching their artistic expression.

# Budding English Speakers

It is the tradition for LYCMC to hold weekly public speaking training sessions, designed to empower students with essential communication skills. Each week, students gather to practice and refine their public speaking abilities in a supportive environment.

Led by experienced NETs and instructors, the sessions focus on various aspects of effective speaking, including body language, tone, and audience engagement. Students participate in interactive exercises, such as impromptu speeches and group discussions, which help them build confidence and articulate their thoughts clearly.

The training encourages students to express their ideas on diverse topics, fostering creativity and critical thinking. Participants receive constructive feedback, enabling them to identify strengths and areas for improvement.

As students progress through the program, they develop not only their public speaking skills but also valuable life skills such as teamwork and leadership. The supportive atmosphere allows them to overcome their fears and embrace the art of communication.

### Battle of the Bards Competition: A Triumph of Talents

The 2025 Battle of the Bards competition for TWGHs Lui Yun Choy Memorial College was not only a showcase of poetic talent but also a remarkable achievement for our school, as we proudly secured the top prize! This prestigious event brought together students from various schools, each eager to demonstrate their creative prowess through the art of poetry.

Our students poured their hearts into their performances, crafting original pieces that explored a range of themes from personal experiences to societal issues. The preparation for the competition was intense, with participants attending workshops and practicing tirelessly to perfect their delivery. Their dedication paid off, as they captivated both the judges and the audience with their powerful words and emotional expressions.

The competition featured a diverse array of poetic styles, including sonnets, haikus, and spoken word. Each performance was unique, reflecting the individual voices and perspectives of the poets. The judges, a panel of esteemed literary figures, praised our students for their creativity, clarity, and stage presence.

The highlight of the event was when our school was announced as the winner. The sense of pride and joy among participants and supporters was palpable. This victory not only recognized the hard work and talent of our students but also underscored the importance of fostering a love for literature and the arts within our school community.

In addition to the excitement of winning, the event served as an excellent opportunity for students to connect with peers from other schools, fostering friendships and encouraging a spirit of collaboration. The Battle of the Bards competition was an unforgettable experience, and we are incredibly proud of our students' achievements.

As we celebrate this triumph, we look forward to nurturing our students'

artistic talents and continuing to participate in such enriching events in the future. The Battle of the Bards has truly solidified our school's reputation as a hub of creativity and literary excellence!

### **Energetic English Learning**

the support of Native English Teachers (NETs), students engaged in dynamic activities that promote communication and teamwork. Rugby fosters leadership and strategic thinking, while tennis emphasizes vocabulary related to sport and health. Through these sports, students practice English in a fun, interactive environment, boosting their confidence and fluency. The combination of physical activity and language learning not only improved students' English proficiency but also cultivated essential life skills, making learning enjoyable and impactful.

### Nurturing Global English Leaders

In an increasingly interconnected world, the ability to communicate across cultures is more important than ever. We are excited to introduce the English Ambassador Program and Human Library in 2025 to empower our students as effective representatives of the English language and culture through meaningful partnerships with overseas organizations.

This innovative program introduced by Panel heads connects students with native English speakers from various countries, creating a vibrant platform for cultural exchange. Participants engage in workshops, discussions, and collaborative projects that not only enhance their language skills but also broaden their understanding of global perspectives. By immersing themselves in diverse cultural contexts, students gain valuable insights that enrich their learning experience.

A central feature of the program is the mentorship aspect. Each LYC student is paired with an overseas partner, allowing for regular interaction through video calls and collaborative tasks. This personalized approach fosters deeper connections, encouraging students to practice their English in a supportive environment. Mentors provide constructive feedback, helping students improve their language proficiency and confidence.

# Sweet English Lessons

LYCMC has proudly organized a delightful dessert workshop for our students, focusing on enhancing their English language skills in a fun and engaging way. The workshop, featuring foreign teachers, aimed to create an immersive learning environment where students could practice English while exploring the art of dessert-making.

From the moment students stepped into the kitchen, the excitement was palpable. The foreign teachers introduced various traditional and contemporary dessert recipes from

> their countries, sparking curiosity and enthusiasm among participants. Students learned not only the recipes but also the cultural significance behind each dessert, enriching their understanding of global traditions. This

> > practical application of language skills helped boost

their confidence and fluency, making the learning process enjoyable and effective.

In 2025, TWGHs Lui Yun Choy Memorial College hosted a series of vibrant Fun Day during lunchtime, designed to promote English language learning in an exciting and interactive way. The event featured a variety of engaging activities that encourage students to practice their English skills in a relaxed setting.

Students participated in games such as English word puzzles, trivia contests, and storytelling sessions. These activities not only fostered teamwork and creativity but also enhanced

vocabulary and comprehension. Volunteers from the English department facilitated each game, provided guidance and support to help students feel confident in their language abilities.

The Fun Day aims to create a vibrant atmosphere that highlights the importance of English learning while fostering camaraderie among students. By integrating fun with education, TWGHs Lui Yun Choy Memorial College continues to inspire students to embrace the English language, making learning a joyful and enriching experience.

# Leisure in English Cafe

We deeply believe that language learning should be as enjoyable as it is educational. This year, we launched the English Café, an exciting initiative aimed at helping students enhance their English skills through engaging discussions with Native English Teachers. This unique setting provided a relaxed atmosphere where students could comfortably practice speaking, listening, and comprehension.

The English Café operated on a simple yet effective concept. Each session featured diverse themes—such as travel, culture, hobbies, and current events—sparking lively conversations that encourage students to express their thoughts in English. The presence of Native English Teachers added authenticity, allowing students to hear natural speech patterns, accents, and colloquial expressions.

The English Café in LYCMC has quickly become a highlight of our extracurricular offerings, underscoring our commitment to providing engaging and interactive learning experiences. We look forward to expanding this initiative and continuing to inspire our students on their journey to English proficiency!

# Joyful English with Nets

#### Celebrating English Festivals at

#### TWGHs Lui Yun Choy Memorial College

TWGHs Lui Yun Choy Memorial College was thrilled to kick off a series of vibrant English festivals aimed at enhancing students' language skills through engaging and enjoyable activities. Scheduled throughout the school year, these festivals provided a dynamic platform for students to immerse themselves in the English language while celebrating diverse cultures.

Each festival featured a variety of activities, including drama performances, poetry readings, and storytelling

competitions. Students had the chance to showcase their creativity by writing and performing original pieces, helping them build confidence in their English-speaking abilities. Workshops led by teachers focused on improving vocabulary, pronunciation, and public speaking skills.

By integrating language learning with cultural appreciation, TWGHs Lui Yun Choy Memorial

College aimed to foster a love for English among students. These festivals not only enhanced language proficiency but also built a sense of community, making learning a vibrant and memorable experience.

# Magical English

This year, we hosted an enchanting event titled "English Learning Through Magic," designed to make language acquisition both fun and engaging. The event featured a captivating magician who used magic tricks to spark students' interest in learning English.

During the performance, the magician seamlessly integrated language activities into his tricks, encouraging students to participate. As he performed various illusions, he prompted the audience to follow

We were also excited to launch a unique history competition aimed at enhancing students' English language skills. The competition, titled "History Story," invites students to explore significant historical events and figures while presenting their findings in English.

Participants chose a historical topic, conducted research, and created presentations that showcase their understanding and perspective. This initiative not only fostered a deeper appreciation of history but also emphasized effective communication in English. Students worked in teams, encouraging collaboration and the exchange of ideas, which further enhanced their language proficiency.

The competition alignd with the school's commitment to academic excellence and innovative teaching methods. By merging history with language learning, the school aimed to cultivate critical thinking skills and inspired a love for both subjects. This initiative not only prepared students for future academic challenges but also equiped them with essential communication skills for the modern world.
